And What Have You

By BOB CRAIG

If there ever was a case where one bad apple can spoil a bushel it must be our current welfare problems—from the standpoint of both the state and the federal government. By far the biggest majority of welfare recipients are deserving and in dire need, but it is the few that are sponging off the taxpayers that give welfare its bad name.

If some kind of welfare reform is not adopted soon, we can start looking for trouble for there is not a taxpayer around who does not get up in arms every time he sees more and more of his money wasted. And the real sufferers will be those either too old or too young to work that will end up suffering.

The voters in Texas will soon be asked to raise the welfare limit as set by our constitution so that the state can continue to carry its share in cooperation with the federal government. We don't know what will happen if the voters should turn this down other than a lot of needy people will suffer along with the freeloaders.

But it gets harder and harder to be fair about welfare when almost daily we read where someone else is taking advantage of us. A case in point is the following story which first came to light in "Newsweek" and was picked up and commented on by a friend of ours, James Roberts, publisher of the Andrews County News.

Meet Bruce Fearing, age 35, son of the late poet Kenneth Fearing.

Bruce was educated at Harvard where he majored in physics, and at Columbia, where he had a Sloane-Rockefeller grant in advanced science writing.

Bruce worked for ten years as a technical writer in New York City. In 1967, he quit and went out west.

You may well ask, "So what?" Well, for your information, Bruce is now a farmer—a farmer of a little different breed than perhaps your grandparents.

Bruce and his common-law wife, Carol Haacke, 28, have put a whale of a lot of work in their farm, located in heavily wooded hill country about 225 miles north of San Francisco.

Bruce built the wooden cabin with his own two hands in which he and Carol and their two-year old son live. He also built the A-frame barn that shelters their two goats and eighteen chickens.

Carol, who graduated from the University of Virginia with a major in French and art history, bakes bread and is learning carpentry. As on the old frontier, venison hangs from the cabin's ceiling, and Bruce and Carol have no phone, no plumbing, not even any running water. Supplies are dragged up a steep, twisting, 4-mile track. Bruce told a "Newsweek" reporter last week, "For the first time, I'm doing what I want. I just want to live simply out in the country with my family."

Sounds great doesn't it! Makes you really admire a fellow that chucks over the rat race and gets back to nature, back to the simple values of life! Bruce is of real pioneering stock isn't he? Have to admire a fellow like that, don't you . . . chucks it all over and goes to live the simple life?

Nuts!

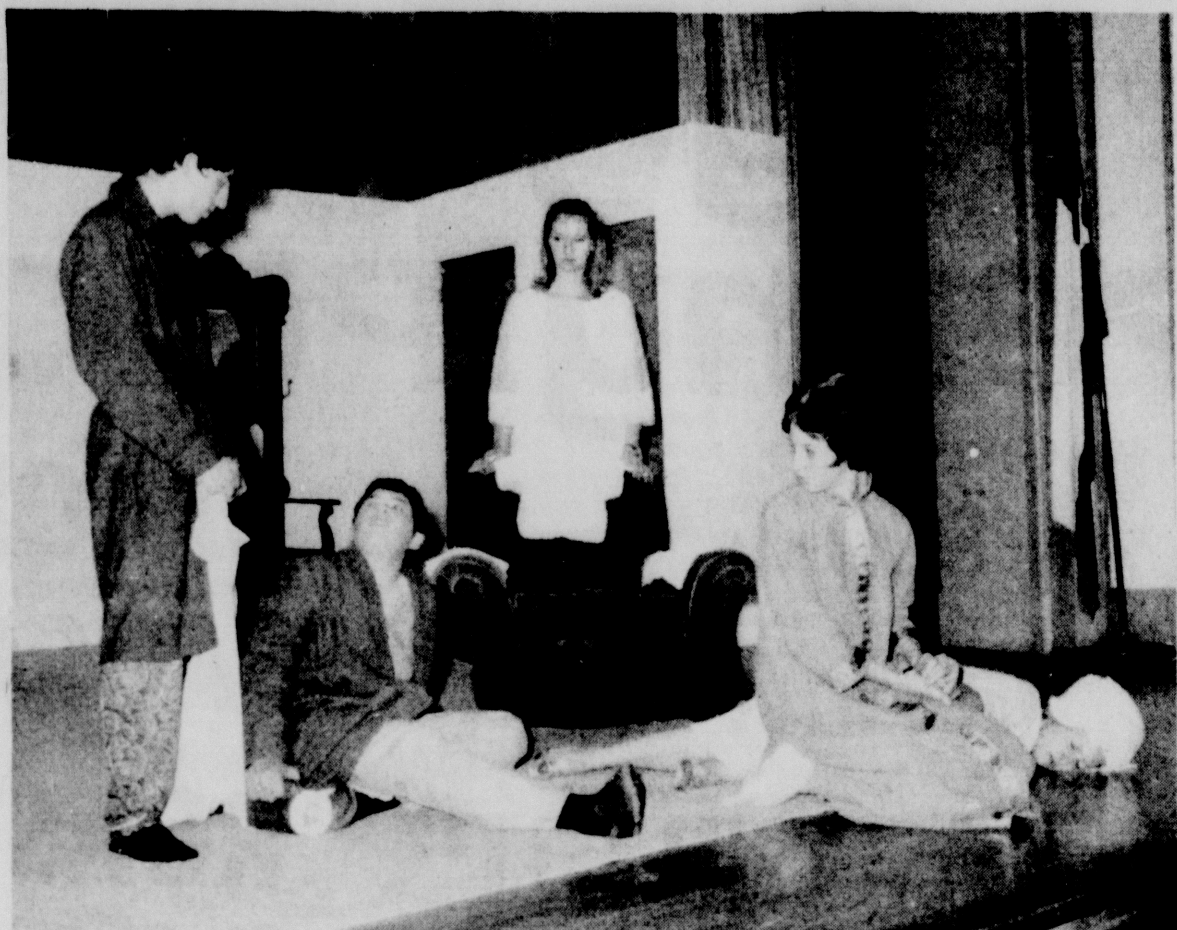

Bruce and Carol are a couple of bums—educated—but bums nevertheless.

They're about as far from the pioneers of this country as a hoe handle is from nuclear fission.

They're not up there in those hills living on the fruits of that farm, two goats, and 18 chickens . . . they're up there living on the fruits of the taxpayer's labor.

We're the cats keepin' them up there in that idyllic situation and unless you and I keep workin' and pay-

Local Chapter to Observe National FFA Week Here

Members of the Hamlin FFA Chapter are aware of the need to get "Involved in America's Future." They join FFA members everywhere to celebrate National FFA Week, Feb. 20-27.

Throughout the Week chapter members are planning activities to illustrate their involvement in preparing to meet future challenges of agribusiness in America.

"We want our community and the nation to know that, as FFA members, we are concerned with the challenging problems we will face in our lifetime," says Edward Johnson, chairman of this year's FFA Week Committee. "In FFA we learn to work together to accomplish worthwhile objectives," Edward emphasized.

Hamlin FFA members feel that their involvement in the future of agriculture is vital to the nation and its objective to feed an ever growing population. "If this nation is to continue to satisfy demands for low-cost, high-quality agriculture products, we must continue to train responsible men and women to fill the thousands of jobs both on and off the farm," says Milburn Wink, Hamlin FFA Chapter Advisor and vocational agriculture instructor.

This year's theme "Involved in America's Future," portrays FFA activities designed to involve members in constructive action. FFA members throughout the nation are involved in agriculture, community action, leadership development, and involved in working cooperatively to achieve goals.

Locally, members of the

Hamlin FFA Chapter plan to sponsor a FFA-FHA Fun Night, set up displays, and repair FFA monuments. Several members of the chapter are also planning to enter several judging contests during the week. Some of the members have written articles to be published in the special FFA edition of the Hamlin Herald Feb. 25.

Each year FFA Week is observed during the week of George Washington's Birthday. Although Washington is usually recognized as a Revolutionary War General and our first President, it is not generally known that his first love was the farm.

Membership in FFA is made up of high school students in vocational agriculture. The organization's activities are designed to help develop leadership and good citizenship and to stimulate

student interest in higher achievement. While for many years the FFA has devoted its main efforts toward establishing young men in farming, it also is working to train and develop men for thousands of jobs which support the nation's farmers and provide consumer services.

The Hamlin FFA Chapter has 78 members. Officers are Charles Sellers, president; Edward Johnson, vice-president; Steve Teichelman, secretary; Carlos Gonzalez, treasurer; Rodney Rackley, reporter; and Oscar Guerra, sentinel. Shelley Holtz is Chapter Sweetheart. T. C. Blankinship and Milburn Wink serve as chapter advisors.

Nationally, the FFA has approximately 450,000 members with 9,000 chapters in 49 states

Boy Scout Troop Seeks Donations To Purchase Bus

Jerry Adkison, new Scoutmaster, has announced that 40 boys are now members of the Boy Scout troop here and an immediate need is for transportation for the various trips that are being planned.

"The troop is in dire need of a bus," he said. "A trip is being planned to the Caverns of Sonora Mar. 13-14 and without a bus, it will be necessary to call upon parents to furnish cars," he added.

It is believed a good Army surplus bus can be obtained for less than \$400. If an average of \$10 per boy could be donated the money would be easily obtained.

Donations may be sent to Jerry Adkison, 112 N. W. Ave. J, or he may be contacted at 576-2118 if the donation needs to be picked up. "We will appreciate all the assistance received on this project," he added.

"The Legislature may prescribe such other eligibility requirements for participation

in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of State funds for such purposes; provided that the maximum amount paid out of State funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of State funds paid for assistance grants for needy dependent children and the caretakers of the children shall not exceed Fifty-Five Million Dollars (\$55,000,000) during any fiscal year.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the State for these purposes, then and in that event the

Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this State."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on May 18, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment removing the limitation on the total State appropriations for assistance grants for the needy aged, the needy disabled, and the needy blind, and setting a limitation on total State appropriations during any fiscal year for assistance grants for needy dependent children and the caretakers of such children."

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(February 19, 1926)

It may have been that in the past there were a few conscientious "old maids" or older ladies in Hamlin who refused to go into a "regular" barber shop because that "mere man" was in full possession therein. But NOW there is no longer any excuse for them to "go ugly" for there is at their disposal a real sure enough Beauty Parlor, ruled over and pre-sided over by two good looking young ladies who will prove that they can help nature, and transform almost any face or head into a thing of beauty in their "Parlor." These young ladies are Misses Roxie and Elsie Wienke, of Old Glory, our neighbor town in Stonewall County. They opened their parlor for ladies last Saturday in the balcony of the D. J. Payne Dry Goods store. Miss Roxie informs the Herald that she is a graduate of the Sellers School of Beauty Culture in Fort Worth and has had considerable experience in this art. These young women have come to Hamlin to make a go in this modern feature of ladies' requirements and will no doubt make quite a success.

Carl Greenway one of the larger farmers of the section of country southwest of Hamlin was in town Wednesday and reported to the Herald that his section of country was in the best shape it had ever been as far as lands broken at this season of the year. Carl said he had just finished flat breaking one thousand acres. This was done with power plows, discs and sulkies, and three walking plows. He has some Mexicans who couldn't "savvy" the riding plows, but said give us walkers and we can do it.

The best way to find what you want is to tell about it in the Herald. For example, last week a young lady lost her hat and before the first ten hours after the Herald was out the gallant young married man's wife brought it in. People who don't take their home paper don't know what they miss. Tell your friends you read it in the Herald.

TWENTY YEARS AGO
(February 16, 1951)

Commander Jiggs Gold and Bill Harbert of the Hamlin V. F. W. Post 6014 presented Mayor B. M. Brundage with three trash disposal cans Saturday.

Contribution of the cans is a part of the civic activities program of the VFW and it was explained by Post officials that additional cans will be donated if it is demonstrated that the people will use them.

The cans were placed at the front of Reynolds Drug, the Steak House and the Howard City Drug, these points being selected as most liable to receive cooperation from sidewalk passers-by.

Gold said that the local service

organization is eager to furnish another group of cans but that it was voted to test the public reaction before providing them. The public seemed to manifest an early interest in the receptacles.

The state conference for high school student councils will be held at Sunset high school in Dallas March 16 and 17.

Council of Hamlin High School will be represented at the conference by Jim Harwell, Don Johnson, Dorothy Altum, Gwen Norris and W. L. Fletcher.

B. V. Newberry will be the faculty member accompanying the group.

The post office department has authorized Postmaster Perry Sparks to post a notice of acceptance of bids for the lease of premises for Hamlin's post office.

The proposal stipulates that a building with approximately 2,500 feet of floor space will be required for the transaction of the post office business here and owners of property of this size are invited to bid.

TEN YEARS AGO
(February 16, 1961)

The Hamlin Jaycees have accepted the challenge of the Stamford Jaycees to a race from Tuxedo to each of the two towns Saturday, February 25. The race will be a wheel barrow derby with the two teams moving a yard closer to town for each dime donated.

The Hamlin Jaycees will be raising money for the Heart Fund, West Texas Rehabilitation Center in Abilene and Camp Sweeney, summer camp for diabetic boys and girls at Gainesville.

Project chairman Ed Lewis said that there will be road blocks set up at the McCaulley Y on S. Central, and both West Lake Drive and N. Central at intersection of the two streets as well as on the highway coming into town from Stamford.

Plans for both Jaycee clubs call for the use of football boys to ride in the wheel barrows. A two-way radio system furnished by the National Guard will be used to relay the amount collected in town out to the teams.

Lewis stated that a canvass of the downtown district will be made and that although Stamford is larger he still feels the people of Hamlin can win.

Jerry Howard, local president, said in accepting the challenge that this would give the club of Hamlin a chance to group several drives together and eliminate the organization from calling on the people of Hamlin so many different times.

The drive will start at 10 a.m. and the clubs hope to finish up by 5 p.m.

Neinda Philosopher Comes Out With Plan To Keep the TV Moon Series From Being Cancelled

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One has a few moon thoughts this week, more or less.

Dear editor:

According to an article I read in a newspaper I picked up off the road near this Johnson grass farm yesterday because I thought it was my ecological duty to do it, interest in trips to moon is lagging, in fact, it said, people are getting bored with them.

I'm afraid this is true because I heard several people around here say they didn't have time to watch the recent landing or the splash-down live. "We can catch it later on the evening news," they said.

This means there's a real crisis in the space program. It's as though a football fan skipped the televised game with the off-hand statement he could get the score in tomorrow's paper. We can't let it happen.

To keep the space program going I have figured out two possible solutions.

(1) To keep people glued

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

The Student Council Basketball Tournament will be held the 23, 25, and 27 of February. Each team consists of 7 or 8 players that did not play varsity basketball. The games should be very interesting so be sure to see them.

Well, this week, is the fifth week of the fourth six weeks. Six weeks tests will be coming up next week. Then only two six weeks to go. It doesn't seem possible that school could be going so fast.

Seventh Grade Test Results Available

Results of the IQ tests given to seventh grade students earlier in the school year have been received in the office of Principal Marvin D. Carlton.

Parents are invited to see these tests results at their convenience during school hours in the principal's office.

Don't Forget! Tickets for the Junior Play may be purchased from any member of the Junior Class.

The Juniors have been working very hard and we would all appreciate your attendance Friday night.

Over 100 Attend District BTS Youth Meeting Saturday

More than 100 young people gathered here Saturday evening for the District BTS Youth for Christ meeting held at Calvary Baptist Church.

The program was presented by the host church as is customary.

Each department in the local church from beginner through senior classes participated.

Mrs. L. B. Bruner gave an inspirational chalk talk on the second coming of Christ.

Mr. and Mrs. Dan Truelove, Daniel and Tony of Spearman were guests in the home of Mr. and Mrs. Don Drummond Friday and Saturday.

Jackie Warner Elected President Of Explorer Post

Jackie Warner was elected president during the organizational meeting of the Hamlin Police Department sponsored Law Enforcement Explorer Post held Thursday evening.

Other officers included Fernando Rangel, first vice president; Dwayne Hertel, second vice president; and Richard Wallace, secretary-treasurer.

The group voted to meet the second and fourth Tuesday of each month.

Twelve boys have enrolled in the local post. Application blanks are available at the Police Department at any time.

On the adult Explorer committee are J. O. Murphree, chairman; Mrs. Bill Smith, Frank Shearer, John Cleaver, Phil Mann and Glen Williams. Chief Bryan Wasson will serve on the committee as a representative of the sponsoring organizations.

Patrolmen Jimmy Ratliff and James Kerby are the advisors.

Lt. and Mrs. Joe Sublett of Ft. Carson, Colo., visited in the home of her parents, Mr. and Mrs. L. J. Cunningham, over the weekend.

TIPS FOR OUTDOORSMEN

by Vern Sanford

Handy Tent Patch

"Iron on" patches are handy for repairing the snagged or torn clothes of the outdoorsman. They also can be used to patch that hole in the tent.

Heat a pot and use the bottom of the pot to iron on the patch.

Hook and Bait Saver

Sinkers that hang-up in rocky areas when you're surf fishing often cause line breakage. Result is loss of hooks and bait.

If you need a heavy sinker that's disposable (and free), use an old discarded spark plug. Hammer the electrodes together, then tie on a short wire leader—from line to electrode loop.

Then, if you get snagged—a sharp pull on the line will release the wire and free the bait and hook.

Emergency Frying Pan

Did you forget your frying pan, Mr. Camper? The top off that 5-gallon lard can will serve in an emergency. At least it did in one instance.

And the hub cap off the old jalopie was a substitute used by another outdoorsman.

Reloading the Reel Spool

It's easy to reload the reel spool when you're out at the lake, or on it. Just run the end of the line down through the guides, from tip-top guide to the reel, and tie line to the

spool. Then simply toss the fresh spool far out into the lake and start reeling in the line.

Believe it or not, the spool will spin right where it landed, as the line comes off—and give just the right tension for an A-1, line-spooling job.

If you don't want to use all the line, just paddle over and pick up the spool whenever you have wound off what you need.

Bleach Bottle Uses

There are dozens of uses the outdoors woman can make of empty bleach bottles.

Cut off the tops of three different sizes and they make excellent emergency bowls that fit, one inside the other, for easy storage. They are light but strong and can be used as mixing bowls or for refrigerator storage.

Men find the old plastic bottles ideal as scoops or for bailing water from the boat. It all depends on the way you slice it.

Identify the Kiddies

Vacationers who take along the kiddies find peace of mind in equipping the youngsters with identification bracelets, tags or pins.

Each day add the current address to a luggage tag, hung by a string, necklace-style. Or slap a piece of ident tape on the child's wrist.

Gil Lain Chosen To Be Missionary This Summer

Gil Lain, a sophomore at Hardin-Simmons University, has been chosen by a committee of State Baptist Union Officers and Advisors in Dal-

las to be a summer missionary this year.

He will engage in day camps, Backyard Bible clubs and weekend revivals in the New Convention area project in Madison, Wis.

HELLO

I AM WILLIAM JACKSON JR., OWNER OF
JACKSON'S BODY SHOP
ON ALBANY HIGHWAY IN ANSON

I was thinking that in today's world of low values, high prices and shrinking dollars—it is very easy to receive less than one really expects. For instance

IF you have not received a letter asking that you return your car for a re-inspection after your work has been done—you may be getting less than what is routine at JACKSON'S.

IF you can not wait in a well appointed waiting room while your car is being worked on, as a matter of standard facilities, you are receiving less than you pay for.

IF you've ever been given 'that is not in my department' routine, you are getting less than standard procedures at JACKSON'S.

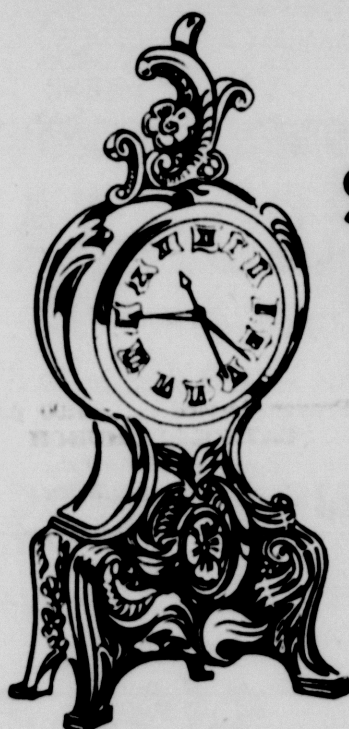

And whatever you are getting, your most expensive possession is getting it. And you may be paying more to get it.

Try JACKSON'S BODY SHOP. It has been referred to as a refreshing experience. Call collect

Oratorical Contest Finalist Named By Midwest Electric

Names of seven finalists in the oratorical contest sponsored by Midwest Electric Cooperative were announced this week by Don Waddell, Members Service Director of the Roby based Cooperative.

Winners, whose oratory on the subject, "A Youth Looks At Our Environment", qualified them for final consideration by a committee of judges are: Norville Kennedy of Rotan, Tommy Vineyard of Hermleigh, Neil Leach of Roby, Kenneth Shira of Hamlin, and Billy Baker of Fluvanna in the boys division. Wilma Stirl of Hermleigh and Gwen Stansell of Fluvanna will be in the girls finals.

The seven young people will be interviewed on February 22, 1971 at the Midwest Electric Willie Wirehand Room at 7:30 p.m. by a panel of judges consisting of the following persons: Mr. James Wilks, Attorney from Sweetwater; Mr. Tommy Morris, Agency Manager for American Founders Insurance Company; and Mr. Homer Taylor, Assistant Manager of the Sweetwater Texas State Technical Institute.

From the group of finalists, one boy and one girl

will be selected as winners of all-expense paid trips to Washington, D. C. with The Texas Electric Cooperatives Youth Tour in June 1971.

The final judging will be based on knowledge of subject, speaking ability, poise, personality, and appearance.

The youth group will travel to and from Washington by chartered bus. Participants will be chaperoned by six adult couples.

Junior High Cage Teams to Host Rotan, Stamford

The Hamlin Junior High Basketball teams have two games left on their schedule as they will host Rotan here tonight (Thursday) and then host Stamford here Monday.

In action this past week the eighth grade girls were the only ones to come through with double victories as they defeated Lueders-Avoca last Thursday, 21-20, and Anson here Monday, 26-18. Rita Casey was high point against Lueders-Avoca with eight, two of these points coming in the final seconds to give the local girls their one-point lead. Kathy Hooper led the scoring against Anson with 10 points.

The eighth grade boys split their games with Lueders-Avoca winning over Hamlin, 32-26, and Hamlin winning over Anson, 43-36. Freddy Webb was high point against Lueders-Avoca with 13 and Johnny Jones was high against Anson with 29.

Also splitting their games, the seventh grade boys won over Lueders-Avoca 34-15, but lost to Anson, 35-32.

in' taxes, Bruce and Carol would starve to death!

Since they have no income, they qualify for \$172 a month in aid for dependent children—Carol is 8-months pregnant and drawing pay for a child that's not here yet.

Each month, \$48 of their welfare check buys \$84 worth of food stamps and \$50 is put aside for payment on the 80-acre farm that they and two other similar families are buying.

County welfare people tried to kick Bruce off the rolls claiming that by taking to the hills, Bruce had removed himself from any possibility of finding a job with his qualifications. But state officials found for Bruce in the hearing.

Bruce was quoted as saying: "Welfare is a very positive thing to do. It's the only thing that keeps me from becoming a violent, disruptive revolutionary."

If Bruce and Carol can make a go of it on that farm without our \$172 in welfare, more power to them. Otherwise, as far as we're concerned, the bum ought to go back to work!

ganizational meeting. Former U. S. Sen. Ralph Yarborough and former U. S. Atty. Gen. Ramsey Clark were the main speakers.

Congressman Bob Eckhardt of Houston was named temporary chairman and State Sens. Barbara Jordan of Houston and Joe Bernal of San Antonio, temporary vice-chairman. Twelve steering committee members were chosen to work with them.

By a divided vote, the group decided to steer clear of candidate endorsement (although there was plenty of speculation at the meeting that Yarborough may run for governor in 1972) and concentrate on specific legislative goals.

AG OPINIONS — State Comptroller is required to pay counties 25 cents for registration of voters under 21. Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

Comptroller does not have the affirmative duty to withhold issuing state warrants to agencies of the state where an employee-discrimination complaint has been lodged.

Exchange of real estate between Balhart and the Dalhart school district requires publication of a notice and a public hearing.

Omnibus crime control grants can go to non-profit groups, individuals and non-state supported schools if qualifications are met.

An ex-convict, although pardoned by governor last May 26, must wait three years to get wine and beer retailer's permit.

Money held by the Texas State Board of Examiners in Optometry cannot be spent without legislative authority.

Fees collected from adult probationers may be used for paying probation officers' salaries, his office help, travel expense and training.

State Board of Examiners of Psychologists cannot certify psychologists who don't have a master's degree.

State Health Department can require the seal of a licensed, professional engineer on plans for hospitals and other institutions.

OPEN MEETINGS

AMENDMENT PROPOSED — A bill to require notice before and posting of minutes afterward concerning closed-door meetings of public agencies was heard by the House State Affairs Committee.

Closed meetings now can be held legally to discuss personnel, real estate or security matters.

Bill by Rep. Dave Allred of Wichita Falls would not ban these meetings, but would require notice in advance that they are to be held.

Mr. and Mrs. Floyd Wallace spent the past week visiting in the home of Mr. and Mrs. O. R. Criswell in Ranger and in the home of Mr. and Mrs. R. L. Criswell at Lake Leon. They also visited with Mrs. Wallace's father, D. H. Galloway, in the Western Manor Rest Home in Ranger and her brother and family, Mr. and Mrs. Oliver Galloway in De Leon.

eral officials will agree, Lt. Gov. Ben Barnes proposes subsequent legislation to require all these local funds be routed through the state treasury, where hopefully they would attract an extra \$100 million in two-to-one matching federal aid.

**BOYS SWEATERS**

If you want the honest truth about these boys sweaters you had better ask someone else as we would not tell you the truth anyway. If you can sneak off from your son long enough to buy one of these with values to \$8.95 sweaters. (please don't ask to exchange it if it doesn't fit) How about

\$2.00**BOYS C. F. O. SHIRTS**

If you are a size 14 boy and don't mind taking one of the last 2 of these we have left we would be forever indebted to you. These are reg. \$12.95 and was supposed to be the hottest item of the year. Could we entice you for

\$5.00**BOYS FRINGED VESTS**

That lousy salesman told us every boy in Hamlin would likely buy one of these. Looks like we would have known better doesn't it? Actually we only have 7 of these left and what we did sell I think it was to the girls. Just wait until I see that salesman again. Seriously though if you will help us out on these reg. \$8.95 vests it will be appreciated for

\$3.99**MENS SWEATERS**

We didn't have too good of a year on mens sweaters, but the salesman sure had a good year. Now we have 20 mens sweaters left still. They are mostly slipover styles. Some of these are marked as high as \$20.00 which was probably overpriced to start with, but what isn't nowadays. We would part with these 20 sweaters for

\$5.00**MENS ZIP OUT LINED ALL WEATHER COATS**

What happened to all you guys that used to buy these coats? We are now "Stuck" with 15 of these reg. \$19.95 coats and promise to do better next time of selecting these if you will help us out for

\$9.95**MENS SPORTCOATS**

You just can't fool people who wear nice clothes. No use fooling ourselves either. We have about 9 of these bad looking coats left that have a price tag of \$19.95 originally. Just leave your wife at home and come on down and get one of these. I say this because am sure she wouldn't let you have one if you brought her for

\$5.00**MENS SUITS**

LAST fall when business was real good we got reckless and bought too many. These are suits that won't take any prizes. If you don't think they are a bunch of culls, just come in and take a look. We have 19 of these left and don't say we didn't warn you there is not a nice looking one in the bunch — To go at

1/2 price**BOYS GREEN SCHOOL JACKETS**

We've been trying to pawn these off on anyone who came in: Aspermont boys, McCaulley kids, even tried it on a kid from Oshkosh, Wisconsin, but none of them seemed to want Green jackets. So stick behind me Pipers and buy one just to put up to show your school colors someday. 4 left all size 16's

WHITE ELEPHANT SALE

This is the craziest kind of sale you ever heard of. We try it annually. There is really nothing but a bunch of odds and ends, buyer's mistakes, slow movers etc. If you are an indecisive buyer and want to exchange or return what you buy, you are more than welcome to attend our sale but please don't buy anything as we just want to get rid of these items forever.

LADIES SWEATERS

Pauline Jenkins says she is just plain tired of looking at these 9 womens sweaters. Can't imagine why as we have only had them 2 years now. Although they were originally priced at \$8.95, we could be talked out of these for

\$2.99**BOYS HOODED SWEAT SHIRTS**

Talk about a 'Dog', man these boys hooded sweatshirts are just that. We mixed a few short sleeve sweatshirts in with them to try to get you to even look at them. They are reg. \$2.99 sweatshirts and a good seller last year but that was last year and history now. How about taking one this year for

\$1.00**FENDLETON SHIRTS**

Always the same old story. Lately we just can't seem to do right on buying these fine all wool shirts. Last year we sold completely out of them. This year we didn't do so good. If we don't sell these fine \$19.00 shirts on our cats and dogs sale you had better watch out as we may be forced to have a large fire sale. How about

\$9.95**CATALINA SPORTSWEAR**

While looking over the rack downstairs was just noticing we have 8 tops left with this group. They are marked \$33.00 each. Why in the world did we buy Catalina in the first place I keep asking myself. It is certainly not worth that kind of money even at today's high prices. If you would help us out on these 8 tops for

\$14.95

we would appreciate it very much. The rest of the group we have marked down to

1/2 price**LADIES SHOES**

Some of these have been around here so long we have nearly named each shoe just like a member of the family. The other day a lady was trying on a pair and said "I believe I tried these on last year and they didn't feel good then." I didn't tell her she tried them on the year before that also. Would you be interested in these values to \$12.95 shoes for

\$2.99**CHILDRENS SHOES**

Most of these childrens shoes have been tried on so many times that they are already "Broken in". Last customer to try on a pair said "I believe I will look around a little while before deciding". Please don't look too good at these values to \$6.95 for

\$1.98**LADIES HOSE**

These are the sized kind by Merrie Maid. Wish old merrie maid had them back so she could be a merrier maid. Since the trend is to panty hose these regular hose have slowed down in sales considerably. We are left with enough for every woman in Hamlin. Reg. 79c now for Cats and Dogs sale

3 pr. \$1.00**LADIES COATS**

These "Dogs" are really barking as they need a new home. We thought maybe some of these coats might bring a little more than others, so we started to go through the rack and mark each one by how it looked. About half way through somehow none of the lot looked too good. You won't think so either but in case you are interested in a new coat how about one for

1/2 price

(Entire Stock)

MENS JEANS

If you buy a pair of these jeans made by Levi your girl friend wouldn't be seen with you in a crowd. Values to \$8.00. How about

\$3.98**LADIES BOOTS**

About a dozen pair of these black vinyl boots with the side zipper on them. We probably don't have your size anyway as they are from 7 thru 9. Joe Cortez says if we don't sell them on this scale that some morning the trash men are going to have a nice little surprise waiting for them as he desperately needs the room for his new spring shoes. Could we twist your arm for

\$3.99**BOYS SPORT AND KNIT SHIRTS**

Shopworn and threadbare from all the times they have been unpinned and refolded. Certainly not a good looking shirt in the bunch. If you can just sneak off from your son come on down and look at this bunch of "Junk" you probably won't like the looks of these values to \$2.99 even for

\$1.00**MENS WOOL MELTON COATS**

4 of these awful looking coats left. Wool must be the bad part about these coats. Moths sure do like to eat them too. Just hope there isn't any moth holes. If you are willing to take a chance on these reg. \$12.95 coats will let you have one for

\$5.00**MENS JARMAN SHOES**

Really don't know what kind of description to give these. There just isn't any good way to describe these. Some of them have been tried on so many times that the box just barely stays together. There certainly are no buckle types in the group as it seems all customers want lately are buckles and we aren't about to mark down the good selling shoes. If you are interested in these values to \$14.95, try us for

\$7.88**LADIES ROBES**

The same story here. The new ones are in and we need the room. We have had these marked about a third off and didn't move them. Now we are tired of looking at the balance. Would you pay

1/2 price**LADIES TEXSTER TYPE COATS**

It seems the salesman bought the Winters buyer a big box of candy for valentines one time and she bought plenty of this type coat from then on. They couldn't sell them and we were moving them pretty good so we agreed to take them off their hands. This is the last time we will ever try to help someone out. Now we have these coats that are values to \$45.00 to try to get rid of for

\$14.95**CHILDRENS COATS**

We sometimes get carried away with buying girls coats. Now this season this has happened again. It looks like we ended up with more coats than most stores start out with. We can promise you we will do better next season if you will help us out on these girls coats for

1/2 price**GIRLS DRESSES**

We have about 2 dozen girls dresses left from our fall line. They certainly aren't improving with age. Not a real bargain at any price we can guarantee you. Maybe if your not a particular customer you might help us out on these for

1/2 price**GIRLS PANTS**

Have you ever bought the daughter a pair of pants just to cut off and make shorts for summer? Here is your chance. We have these girls pants in sizes 3 thru 14 in nylons and denims. Someone said the legs might be a little small at the bottom. This shouldn't bother if you just cut off the bottoms — How about a pair for

\$1.00**LADIES PANTS**

If you are one of the diet rite girls and can wear an 8 or 10, here is where the dieting has paid off for you finally. We are offering these denim pants in just these 2 sizes since this is all we have left to offer at such a low price of

\$1.00**LADIES DRESSES**

About 8 of the "Culls" from all our past seasons dress line. Either they are too short or too long. Either they fit or don't fit. These don't meet any of the requirements evidently as they are still here. Don't know what the original price was but we are going to try to sell these for

\$3.00

if we can catch a blind lady.

LADIES BRAS

Discontinued numbers from our reg. lines. 26 padded. 40 unpadded. What has happened to all the former bra wearers? Realize it is style now to go without, but couldn't you help us out on these first? Reg. \$3 and \$4 numbers now

\$1.98**MENS SHIRTS**

We have gone through all our sport shirts and sorted, them out. Some have been unpinned so many times that we are just tired of pinning them back. Some of these have the button down collar, some of them may not even have a collar or buttons either for that matter. If you buy one of these we would nearly promise you a rainmaker to bring us rain. Don't look too close at these for

AUSTIN — Legislators have cleared major emergency finance hurdles and are moving to other fronts to hold down the size of the tax bill.

A \$34.9 million appropriation bill to avert reduction in aid to needy families with dependent children passed both houses and went to Comptroller Robert S. Calvert for certification.

Before he would accept the bill, Calvert advised passage of another which would realign priorities in the state's massive omnibus tax clearance fund. In effect, this would permit turning over to welfare some \$35 million that normally would go to the teacher retirement fund between April and August.

Teachers association and retirement fund leaders had no formal objection to the latter, although it would cost the retirement fund an estimated \$100,000 to \$600,000 in short-term interest. However, the fund will be repaid in full when the ultimate new tax bill goes into effect on September 1.

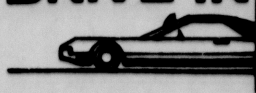

While these measures were moving methodically through the House and Senate, the House passed a bill to establish a \$185 million bond plan to finance construction on eight new college campuses. Bonds would be repaid from tuitions, and would cost taxpayers little. Final approval of the plan in the Senate would relieve the tax bill of a heavy load in order to build new institutions already authorized by the 1969 Legislature.

Still another potentially-important money bill won quick Senate approval. It would require all cities and counties, population 10,000 and above, to report to the state all welfare spending for the medically needy. If fed-

HAMLIN, TEXAS

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

If there ever was a case where one bad apple can spoil a bushel it must be our current welfare problems—from the standpoint of both the state and the federal government. By far the biggest majority of welfare recipients are deserving and in dire need, but it is the few that are sponging off the taxpayers that give welfare its bad name.

If some kind of welfare reform is not adopted soon, we can start looking for trouble for there is not a taxpayer around who does not get up in arms every time he sees more and more of his money wasted. And the real sufferers will be those either too old or too young to work that will end up suffering.

The voters in Texas will soon be asked to raise the welfare limit as set by our constitution so that the state can continue to carry its share in cooperation with the federal government. We don't know what will happen if the voters should turn this down other than a lot of needy people will suffer along with the freeloaders.

But it gets harder and harder to be fair about welfare when almost daily we read where someone else is taking advantage of us. A case in point is the following story which first came to light in "Newsweek" and was picked up and commented on by a friend of ours, James Roberts, publisher of the Andrews County News.

Meet Bruce Fearing, age 35, son of the late poet Kenneth Fearing.

Bruce was educated at Harvard where he majored in physics, and at Columbia, where he had a Sloane-Rockefeller grant in advanced science writing.

Bruce worked for ten years as a technical writer in New York City. In 1967, he quit and went out west.

You may well ask, "So what?" Well, for your information, Bruce is now a farmer—a farmer of a little different breed than perhaps your grandparents.

Bruce and his common-law wife, Carol Haacke, 28, have put a whale of a lot of work in their farm, located in heavily wooded hill country about 225 miles north of San Francisco.

Bruce built the wooden cabin with his own two hands in which he and Carol and their two-year old son live. He also built the A-frame barn that shelters their two goats and eighteen chickens.

Carol, who graduated from the University of Virginia with a major in French and art history, bakes bread and is learning carpentry. As on the old frontier, venison hangs from the cabin's ceiling, and Bruce and Carol have no phone, no plumbing, not even any running water. Supplies are dragged up a steep, twisting, 4-mile track. Bruce told a "Newsweek" reporter last week, "For the first time, I'm doing what I want. I just want to live simply out in the country with my family."

Sounds great doesn't it! Makes you really admire a fellow that chucks over the rat race and gets back to nature, back to the simple values of life! Bruce is of real pioneering stock isn't he? Have to admire a fellow like that, don't you . . . chucks it all over and goes to live the simple life?

Nuts!

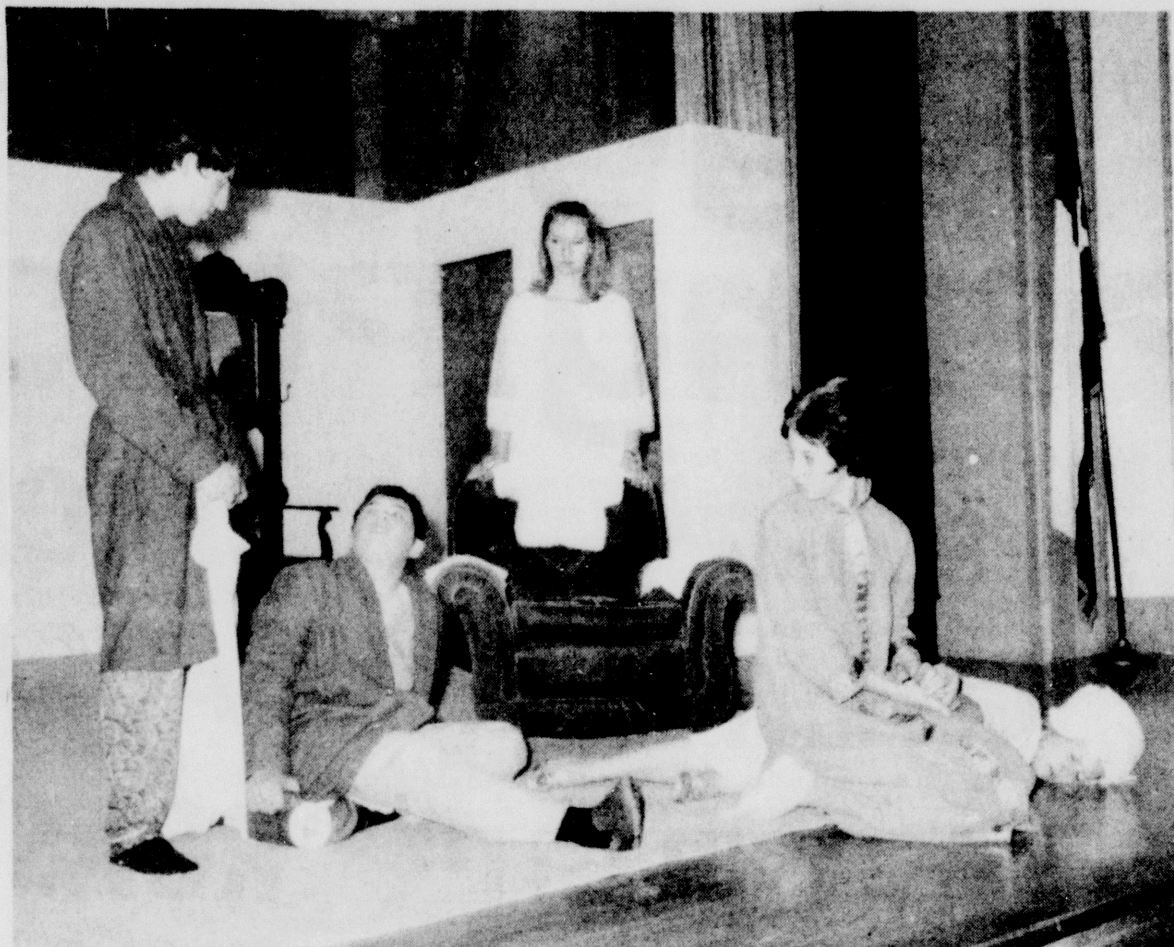

Bruce and Carol are a couple of bums—educated—but bums nevertheless.

They're about as far from the pioneers of this country as a hoe handle is from nuclear fission.

They're not up there in those hills living on the fruits of that farm, two goats, and 18 chickens . . . they're up there living on the fruits of the taxpayer's labor.

We're the cats keepin' them up there in that idyllic situation and unless you and I keep workin' and pay-

CONCERNED ABOUT AUNT HILDA — Jack Douglas, played by Rodney Rackley, seated, and Mrs. Erna Douglas (Donna Hallmark) are worried after the collapse of Aunt Hilda, played by Debi Meyner. Standing are Bryan Williams, left, played by Bob McMillan, and Dawn Adams, played by Sharee Reece. This scene is in the second act of the three-act mystery-comedy to be presented by the Junior Class Friday at 7:30 p.m. in the public school auditorium.

Local Chapter to Observe National FFA Week Here

Members of the Hamlin FFA Chapter are aware of the need to get "Involved in America's Future." They join FFA members everywhere to celebrate National FFA Week, Feb. 20-27.

Throughout the week chapter members are planning activities to illustrate their involvement in preparing to meet future challenges of agribusiness in America.

"We want our community and the nation to know that, as FFA members, we are concerned with the challenging problems we will face in our lifetime," says Edward Johnson, chairman of this year's FFA Week Committee. "In FFA we learn to work together to accomplish worthwhile objectives," Edward emphasized.

Hamlin FFA members feel that their involvement in the future of agriculture is vital to the nation and its objective to feed an ever growing population. "If this nation is to continue to satisfy demands for low-cost, high-quality agriculture products, we must continue to train responsible men and women to fill the thousands of jobs both on and off the farm," says Milburn Wink, Hamlin FFA Chapter Advisor and vocational agriculture instructor.

This year's theme "Involved in America's Future," portrays FFA activities designed to involve members in constructive action. FFA members throughout the nation are involved in agriculture, community action, leadership development, and involved in working cooperatively to achieve goals.

Locally, members of the

Hamlin FFA Chapter plan to sponsor a FFA-FHA Fun Night, set up displays, and repair FFA monuments. Several members of the chapter are also planning to enter several judging contests during the week. Some of the members have written articles to be published in the special FFA edition of the Hamlin Herald Feb. 25.

Each year FFA Week is observed during the week of George Washington's Birthday. Although Washington is usually recognized as a Revolutionary War General and our first President, it is not generally known that his first love was the farm.

Membership in FFA is made up of high school students in vocational agriculture. The organization's activities are designed to help develop leadership and good citizenship and to stimulate

student interest in higher achievement. While for many years the FFA has devoted its main efforts toward establishing young men in farming, it also is working to train and develop men for thousands of jobs which support the nation's farmers and provide consumer services.

The Hamlin FFA Chapter has 78 members. Officers are Charles Sellers, president; Edward Johnson, vice-president; Steve Teichelman, secretary; Carlos Gonzalez, treasurer; Rodney Rackley, reporter; and Oscar Guerra, sentinel. Shelley Holtz is Chapter Sweetheart. T. C. Blankinship and Milburn Wink serve as chapter advisors.

Nationally, the FFA has approximately 450,000 members with 9,000 chapters in 49 states

Pipers Close Cage Season With Win Over Haskell

The Hamlin Pied Piper basketball team closed out their season here Friday evening by downing the Haskell Indians, 56-47, to wind up in second place in District 7-AA action. The Merkel Badgers defeated Stamford Friday to complete a perfect season in district play and advance into the playoffs.

The Badgers will meet either Ballinger or Coleman, depending upon the outcome of a playoff game between the two teams. The two

teams are tied with 13-1 records.

The Pipers ended the season with a 7-3 record.

The Pipers jumped out into a early lead against Haskell and held it throughout the contest. Three Pipers hit in double figures to balance out the scoring. Milton Jones was high with 19 points, followed by Toby Wilder with 16, and Leonard Johnson with 10.

Haskell won the B game, 42-35.

"The troop is in dire need of a bus," he said. "A trip is being planned to the Caverns of Sonora Mar. 13-14 and without a bus, it will be necessary to call upon parents to furnish cars," he added.

It is believed a good Army surplus bus can be obtained for less than \$400. If an average of \$10 per boy could be donated the money would be easily obtained.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(February 19, 1926)

It may have been that in the past there were a few conscientious "old maids" or older ladies in Hamlin who refused to go into a "regular" barber shop because that "mere man" was in full possession therein. But NOW there is no longer any excuse for them to "go ugly" for there is at their disposal a real sure enough Beauty Parlor, ruled over and pre-sided over by two good looking young ladies who will prove that they can help nature, and transform almost any face or head into a thing of beauty in their "Parlor." These young ladies are Misses Roxie and Elsie Wienke, of Old Glory, our neighbor town in Stonewall County. They opened their parlor for ladies last Saturday in the balcony of the D. J. Payne Dry Goods store. Miss Roxie informs the Herald that she is a graduate of the Sellers School of Beauty Culture in Fort Worth and has had considerable experience in this art. These young women have come to Hamlin to make a go in this modern feature of ladies' requirements and will no doubt make quite a success.

Carl Greenway one of the larger farmers of the section of country southwest of Hamlin was in town Wednesday and reported to the Herald that his section of country was in the best shape it had ever been as far as lands broken at this season of the year. Carl said he had just finished flat breaking one thousand acres. This was done with power plows, discs and sulkies, and three walking plows. He has some Mexicans who couldn't "savvy" the riding plows, but said give us walkers and we can do it.

The best way to find what you want is to tell about it in the Herald. For example, last week a young lady lost her hat and before the first ten hours after the Herald was out the gallant young married man's wife brought it in. People who don't take their home paper don't know what they miss. Tell your friends you read it in the Herald.

TWENTY YEARS AGO
(February 16, 1951)

Commander Jiggs Gold and Bill Harbert of the Hamlin V. F. W. Post 6014 presented Mayor B. M. Brundage with three trash disposal cans Saturday.

Contribution of the cans is a part of the civic activities program of the VFW and it was explained by Post officials that additional cans will be donated if it is demonstrated that the people will use them.

The cans were placed at the front of Reynolds Drug, the Steak House and the Howard City Drug, these points being selected as most liable to receive cooperation from sidewalk passers-by.

Neinda Philosopher Comes Out With Plan To Keep the TV Moon Series From Being Cancelled

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One has a few moon thoughts this week, more or less.

Dear editor:

According to an article I read in a newspaper I picked up off the road near this Johnson grass farm yesterday because I thought it was my ecological duty to do it, interest in trips to moon is lagging, in fact, it said, people are getting bored with them.

I'm afraid this is true because I heard several people around here say they didn't have time to watch the recent landing or the splash-down live. "We can catch it later on the evening news," they said.

This means there's a real crisis in the space program. It's as though a football fan skipped the televised game with the off-hand statement he could get the score in tomorrow's paper. We can't let it happen.

To keep the space program going I have figured out two possible solutions.

(1) To keep people glued

to their T. V. sets during a moon walk, put on some sort of sports event up there. Alan Shepard's golf antics on the moon attracted more attention than anything else, so why not send up a golf team, or better still two football teams? What quarterback wouldn't love to thrill the fans by throwing a three-mile-long bomb? They could pick up rocks during the half.

How about an interplanetary pole vault record of 350 feet? What do you suppose would be the longest home-run hit on the moon? You get the idea. We've got to do something to keep this television series from being canceled.

(2) On a more serious side, as you know, to send the latest team to the moon to get 100 pounds of rocks cost \$800,000,000.

That figures out at 8 million dollars a pound. Clearly moon rocks are the most precious substance man possesses, and rather than turn them over to a bunch of geologists to argue about, why not really utilize them? Why not base our monetary

system on them? Why not go off the gold standard and get on a moon-rock standard? A few more trips and we'd have enough rocks to more than equal all the gold in Fort Knox, with less than one-tenth of one per cent of the storage problem. You could keep the whole lot in two or three suitcases.

Yours faithfully,
J. A.

Cub Scouts Tour Herald Office

Four Cub Scouts of Den 1 toured the office and plant of the Hamlin Herald Thursday afternoon.

Dane Carter Clynch, Richie Dale Carter, Neal Alan Baker and Mark Woods were accompanied by Mrs. Ronald Carter. Mrs. Johnnie Woods is Den Mother.

Legislature has resolutions calling on U. S. Secretary of Agriculture to allow Texas more time to comply with federal meat inspection standards before taking over the inspection program.

organization is eager to furnish another group of cans but that it was voted to test the public reaction before providing them. The public seemed to manifest an early interest in the receptacles.

The state conference for high school student councils will be held at Sunset high school in Dallas March 16 and 17.

Council of Hamlin High School will be represented at the conference by Jim Harwell, Don Johnson, Dorothy Altum, Gwen Norris and W. L. Fletcher.

B. V. Newberry will be the faculty member accompanying the group.

The post office department has authorized Postmaster Perry Sparks to post a notice of acceptance of bids for the lease of premises for Hamlin's post office.

The proposal stipulates that a building with approximately 2,500 feet of floor space will be required for the transaction of the post office business here and owners of property of this size are invited to bid.

TEN YEARS AGO
(February 16, 1961)

The Hamlin Jaycees have accepted the challenge of the Stamford Jaycees to a race from Tuxedo to each of the two towns Saturday, February 25. The race will be a wheel barrow derby with the two teams moving a yard closer to town for each dime donated.

The Hamlin Jaycees will be raising money for the Heart Fund, West Texas Rehabilitation Center in Abilene and Camp Sweeney, summer camp for diabetic boys and girls at Gainesville.

Project chairman Ed Lewis said that there will be road blocks set up at the McCaulley Y on S. Central, and both West Lake Drive and N. Central at intersection of the two streets as well as on the highway coming into town from Stamford.

Plans for both Jaycee clubs call for the use of football boys to ride in the wheel barrows. A two-way radio system furnished by the National Guard will be used to relay the amount collected in town out to the teams.

Lewis stated that a canvass of the downtown district will be made and that although Stamford is larger he still feels the people of Hamlin can win.

Jerry Howard, local president, said in accepting the challenge that this would give the club of Hamlin a chance to group several drives together and eliminate the organization from calling on the people of Hamlin so many different times.

The drive will start at 10 a.m. and the clubs hope to finish up by 5 p.m.

NEGLECT

This highway began to decay the day that it ceased to be used and repaired. Deterioration sets in with the onset of neglect. When a nation's spiritual life is neglected there is a possibility that nation will not long endure. Let us strengthen our nation and our society by attending church regularly and reaffirming our faith in God.

"And let us consider one another to provoke unto love and to good works: Not forsaking the assembling of ourselves together as the manner of some is; but exhorting one another: and so much the more, as ye see the day approaching." Hebrews 10:24, 25.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

The Student Council Basketball Tournament will be held the 23, 25, and 27 of February. Each team consists of 7 or 8 players that did not play varsity basketball. The games should be very interesting so be sure to see them.

Well, this week, is the fifth week of the fourth six weeks. Six weeks tests will be coming up next week. Then only two six weeks to go. It doesn't seem possible that school could be going so fast.

Seventh Grade Test Results Available

Results of the IQ tests given to seventh grade students earlier in the school year have been received in the office of Principal Marvin D. Carlton.

Parents are invited to see these tests results at their convenience during school hours in the principal's office.

Don't Forget! Tickets for the Junior Play may be purchased from any member of the Junior Class.

The Juniors have been working very hard and we would all appreciate your attendance Friday night.

Over 100 Attend District BTS Youth Meeting Saturday

More than 100 young people gathered here Saturday evening for the District BTS Youth for Christ meeting held at Calvary Baptist Church.

The program was presented by the host church as is customary.

Each department in the local church from beginner through senior classes participated.

Mrs. L. B. Bruner gave an inspirational talk on the second coming of Christ.

Mr. and Mrs. Dan Truelove, Daniel and Tony of Spearman were guests in the home of Mr. and Mrs. Don Drummond Friday and Saturday.

Jackie Warner Elected President Of Explorer Post

Other officers included Fernando Rangel, first vice president; Dwayne Hertel, second vice president; and Richard Wallace, secretary-treasurer.

The group voted to meet the second and fourth Tuesday of each month.

Twelve boys have enrolled in the local post. Application blanks are available at the Police Department at any time.

On the adult Explorer committee are J. O. Murphree, chairman; Mrs. Bill Smith, Frank Shearer, John Cleaver, Phil Mann and Glen Williams. Chief Bryan Wasson will serve on the committee as a representative of the sponsoring organizations.

Patrolmen Jimmy Ratliff and James Kerby are the advisors.

Lt. and Mrs. Joe Sublett of Ft. Carson, Colo., visited in the home of her parents, Mr. and Mrs. L. J. Cunningham, over the weekend.

TIPS FOR OUTDOORSMEN

by Vern Sanford

Handy Tent Patch
"Iron on" patches are handy for repairing the snagged or torn clothes of the outdoorsman. They also can be used to patch that hole in the tent.

Heat a pot and use the bottom of the pot to iron on the patch.

Hook and Bait Saver
Sinkers that hang-up in rocky areas when you're surf fishing often cause line breakage. Result is loss of hooks and bait.

If you need a heavy sinker that's disposable (and free), use an old discarded spark plug. Hammer the electrodes together, then tie on a short wire leader—from line to electrode loop.

Then, if you get snagged—a sharp pull on the line will release the wire and free the bait and hook.

Emergency Frying Pan
Did you forget your frying pan, Mr. Camper? The top off that 5-gallon lard can will serve in an emergency. At least it did in one instance.

And the hub cap off the old jalopie was a substitute used by another outdoorsman.

Reloading the Reel Spool
It's easy to reload the reel spool when you're out at the lake, or on it. Just run the end of the line down through the guides, from tip-top guide to the reel, and tie line to the

spool. Then simply toss the fresh spool far out into the lake and start reeling in the line.

Believe it or not, the spool will spin right where it landed, as the line comes off—and give just the right tension for an A-1, line-spooling job.

If you don't want to use all the line, just paddle over and pick up the spool whenever you have wound off what you need.

Bleach Bottle Uses
There are dozens of uses the outdoors woman can make of empty bleach bottles.

Cut off the tops of three different sizes and they make excellent emergency bowls that fit, one inside the other, for easy storage. They are light but strong and can be used as mixing bowls or for refrigerator storage.

Men find the old plastic bottles ideal as scoops or for bailing water from the boat. It all depends on the way you slice it.

Identify the Kiddies
Vacationers who take along the kiddies find peace of mind in equipping the youngsters with identification bracelets, tags or pins.

Each day add the current address to a luggage tag, hung by a string, necklace-style. Or slap a piece of ident tape on the child's wrist.

HELLO

I AM WILLIAM JACKSON JR., OWNER OF
JACKSON'S BODY SHOP
ON ALBANY HIGHWAY IN ANSON

I was thinking that in today's world of low values, high prices and shrinking dollars--it is very easy to receive less than one really expects. For instance

IF you have not received a letter asking that you return your car for a re-inspection after your work has been done--you may be getting less than what is routine at JACKSON'S.

IF you can not wait in a well appointed waiting room while your car is being worked on, as a matter of standard facilities, you are receiving less than you pay for.

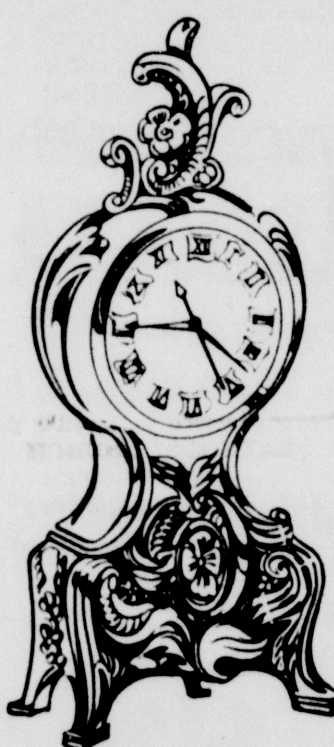

IF you've ever been given 'that is not in my department' routine, you are getting less than standard procedures at JACKSON'S

And whatever you are getting, your most expensive possession is getting it. And you may be paying more to get it.

Try JACKSON'S BODY SHOP. It has been referred to as a refreshing experience. Call collect

in' taxes, Bruce and Carol would starve to death!

Since they have no income, they qualify for \$172 a month in aid for dependent children—Carol is 8-months pregnant and drawing pay for a child that's not here yet.

Each month, \$48 of their welfare check buys \$84 worth of food stamps and \$50 is put aside for payment on the 80-acre farm that they and two other similar families are buying.

County welfare people tried to kick Bruce off the rolls claiming that by taking to the hills, Bruce had removed himself from any possibility of finding a job with his qualifications. But state officials found for Bruce in the hearing.

Bruce was quoted as saying: "Welfare is a very positive thing to do. It's the only thing that keeps me from becoming a violent, disruptive revolutionary."

If Bruce and Carol can make a go of it on that farm without our \$172 in welfare, more power to them. Otherwise, as far as we're concerned, the bum ought to go back to work!

Six Week's test are over so everyone can rest easy until report cards come out. Time is really flying by, especially if you are a Senior. There are only 12 weeks left in school. So it looks like we will have to make the most of it.

The Seniors ordered their caps and gowns Monday and the Juniors are up on cloud nine because their Senior rings came in.

The McCauley Junior and Senior classes are sponsoring a Musical Jamboree Feb. 26,

at 7:00 p.m. in the McCauley gym. The prices are adults, 75c, students, 30c and children under 12, 25c. There will be a cake auction and a concession stand will be open. If you dig country and Western music come on out and have fun with the rest of us.

The Eagle Basketball teams traveled to Divide Tuesday, Feb. 16. The Eagles will play host to Moran Thursday, Feb. 18, at 7:00 p.m. in the McCauley gymnasium.

AUSTIN, — Legislators have cleared major emergency finance hurdles and are moving to other fronts to hold down the size of the tax bill.

A \$34.9 million appropriation bill to avert reduction in aid to needy families with dependent children passed both houses and went to Comptroller Robert S. Calvert for certification.

Before he would accept the bill, Calvert advised passage of another which would realign priorities in the state's massive omnibus tax clearance fund. In effect, this would permit turning over to welfare some \$35 million that normally would go to the teacher retirement fund between April and August.

Teachers' association and retirement fund leaders had no formal objection to the latter, although it would cost the retirement fund an estimated \$100,000 to \$600,000 in short-term interest. However, the fund will be repaid in full when the ultimate new tax bill goes into effect on September 1.

While these measures were moving methodically through the House and Senate, the House passed a bill to establish a \$185 million bond plan to finance construction on eight new college campuses. Bonds would be repaid from tuitions, and would cost taxpayers little. Final approval of the plan in the Senate would relieve the tax bill of a heavy load in order to build new institutions already authorized by the 1969 Legislature.

Still another potentially-important money bill won quick Senate approval. It would require all cities and counties, population 10,000 and above, to report to the state all welfare spending for the medically needy. If fed-

ganizational meeting. Former U. S. Sen. Ralph Yarborough and former U. S. Atty. Gen. Ramsey Clark were the main speakers.

Congressman Bob Eckhardt of Houston was named temporary chairman and State Sens. Barbara Jordan of Houston and Joe Bernal of San Antonio, temporary vice-chairman. Twelve steering committee members were chosen to work with them.

By a divided vote, the group decided to steer clear of candidate endorsement (although there was plenty of speculation at the meeting that Yarborough may run for governor in 1972) and concentrate on specific legislative goals.

AG OPINIONS — State Comptroller is required to pay counties 25 cents for registration of voters under 21, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

Comptroller does not have the affirmative duty to withhold issuing state warrants to agencies of the state where an employee-discrimination complaint has been lodged.

Exchange of real estate between Balhart and the Dalhart school district requires publication of a notice and a public hearing.

Omnibus crime control grants can go to non-profit groups, individuals and non-state supported schools if qualifications are met.

An ex-convict, although pardoned by governor last May 26, must wait three years to get wine and beer retailer's permit.

Money held by the Texas State Board of Examiners in Optometry cannot be spent without legislative authority.

Fees collected from adult probationers may be used for paying probation officers' salaries, his office help, travel expense and training.

State Board of Examiners of Psychologists who don't have a master's degree.

State Health Department can require the seal of a licensed, professional engineer on plans for hospitals and other institutions.

OPEN MEETINGS AMENDMENT PROPOSED — A bill to require notice before and posting of minutes afterward concerning closed-door meetings of public agencies was heard by the House State Affairs Committee.

Closed meetings now can be held legally to discuss personnel, real estate or security matters.

Bill by Rep. Dave Allred of Wichita Falls would not ban these meetings, but would require notice in advance that they are to be held.

BOYS SWEATERS

If you want the honest truth about these boys sweaters you had better ask someone else as we would not tell you the truth anyway. If you can sneak off from your son long enough to buy one of these with values to \$8.95 sweaters. (please don't ask to exchange it if it doesn't fit) How about

\$2.00

BOYS C. P. O. SHIRTS

If you are a size 14 boy and don't mind taking one of the last 2 of these we have left we would be forever indebted to you. These are reg. \$12.95 and was supposed to be the hottest item of the year. Could we entice you for

\$5.00

BOYS FRINGED VESTS

That lousy salesman told us every boy in Hamlin would likely buy one of these. Looks like we would have known better doesn't it? Actually we only have 7 of these left and what we did sell I think it was to the girls. Just wait until I see that salesman again. Seriously though if you will help us out on these reg. \$8.95 vests it will be appreciated for

\$3.99

MENS SWEATERS

We didn't have too good of a year on mens sweaters, but the salesman sure had a good year. Now we have 20 mens sweaters left still. They are mostly slipover styles. Some of these are marked as high as \$20.00 which was probably overpriced to start with, but what isn't nowadays. We would part with these 20 sweaters for

\$5.00

MENS ZIP OUT LINED ALL WEATHER COATS

What happened to all you guys that used to buy these coats? We are now "Stuck" with 15 of these reg. \$19.95 coats and promise to do better next time of selecting these if you will help us out for

\$9.95

MENS SPORTCOATS

You just can't fool people who wear nice clothes. No use fooling ourselves either. We have about 9 of these bad looking coats left that have a price tag of \$19.95 originally. Just leave your wife at home and come on down and get one of these. I say this because am sure she wouldn't let you have one if you brought her for

\$5.00

MENS SUITS

LAST fall when business was real good we got reckless and bought too many. These are suits that won't take any prizes. If you don't think they are a bunch of culls, just come in and take a look. We have 19 of these left and don't say we didn't warn you there is not a nice looking one in the bunch — To go at

1/2 price

BOYS GREEN SCHOOL JACKETS

We've been trying to pawn these off on anyone who came in: Aspermont boys, McCauley kids, even tried it on a kid from Oshkosh, Wisconsin, but none of them seemed to want Green jackets. So stick behind me Pipers and buy one just to put up to show your school colors someday. 4 left all size 16's

\$5.00

WHITE ELEPHANT SALE

This is the craziest kind of sale you ever heard of. We try it annually. There is really nothing but a bunch of odds and ends, buyer's mistakes, slow movers etc. If you are an indecisive buyer and want to exchange or return what you buy, you are more than welcome to attend our sale but please don't buy anything as we just want to get rid of these items forever.

LADIES SWEATERS

Pauline Jenkins says she is just plain tired of looking at these 9 womens sweaters. Can't imagine why as we have only had them 2 years now. Although they were originally priced at \$8.95, we could be talked out of these for

\$2.99

BOYS HOODED SWEAT SHIRTS

Talk about a 'Dog', man these boys hooded sweatshirts are just that. We mixed a few short sleeve sweatshirts in with them to try to get you to even look at them. They are reg. \$2.99 sweatshirts and a good seller last year but that was last year and history now. How about taking one this year for

\$1.00

PENDLETON SHIRTS

Always the same old story. Lately we just can't seem to do right on buying these fine all wool shirts. Last year we sold completely out of them. This year we didn't do so good. If we don't sell these fine \$19.00 shirts on our cats and dogs sale you had better watch out as we may be forced to have a large fire sale. How about

\$9.95

CATALINA SPORTSWEAR

While looking over the rack downstairs was just noticing we have 8 tops left with this group. They are marked \$33.00 each. Why in the world did we buy Catalina in the first place I keep asking myself. It is certainly not worth that kind of money even at today's high prices. If you would help us out on these 8 tops for

\$14.95

we would appreciate it very much. The rest of the group we have marked down to

1/2 price

LADIES SHOES

Some of these have been around here so long we have nearly named each shoe just like a member of the family. The other day a lady was trying on a pair and said "I believe I tried these on last year and they didn't feel good then." I didn't tell her she tried them on the year before that also. Would you be interested in these values to \$12.95 shoes for

\$2.99

CHILDRENS SHOES

Most of these childrens shoes have been tried on so many times that they are already "Broken in". Last customer to try on a pair said "I believe I will look around a little while before deciding". Please don't look too good at these values to \$6.95 for

\$1.98

LADIES HOSE

These are the sized kind of Merrie Maid. Wish old merrie maid had them back so she could be a merrier maid. Since the trend is to panty hose these regular hose have slowed down in sales considerably. We are left with enough for every woman in Hamlin. Reg. 79c now for Cats and Dogs sale

3 pr. \$1.00

LADIES COATS

These "Dogs" are really barking as they need a new home. We thought maybe some of these coats might bring a little more than others, so we started to go through the rack and mark each one by how it looked. About half way through somehow none of the lot looked too good. You won't think so either but in case you are interested in a new coat how about one for

1/2 price

(Entire Stock)

MENS JEANS

If you buy a pair of these jeans made by Levi your girl friend wouldn't be seen with you in a crowd. Values to \$8.00. How about

\$3.98

LADIES BOOTS

About a dozen pair of these black vinyl boots with the side zipper on them. We probably don't have your size anyway as they are from 7 thru 9. Joe Cortez says if we don't sell them on this sale that some morning the trash men are going to have a nice little surprise waiting for them as he desperately needs the room for his new spring shoes. Could we twist your arm for

\$3.99

BOYS SPORT AND KNIT SHIRTS

Shopworn and threadbare from all the times they have been unpinned and refolded. Certainly not a good looking shirt in the bunch. If you can just sneak off from your son come on down and look at this bunch of "Junk" you probably won't like the looks of these values to \$2.99 even for

\$1.00

MENS WOOL MELTON COATS

4 of these awful looking coats left. Wool must be the bad part about these coats. Moths sure do like to eat them too. Just hope there isn't any moth holes. If you are willing to take a chance on these reg. \$12.95 coats will let you have one for

\$5.00

MENS JARMAN SHOES

Really don't know what kind of description to give these. There just isn't any good way to describe these. Some of them have been tried on so many times that the box just barely stays together. There certainly are no buckle types in the group as it seems all customers want lately are buckles and we aren't about to mark down the good selling shoes. If you are interested in these values to \$14.95, try us for

\$7.88

LADIES ROBES

The same story here. The new ones are in and we need the room. We have had these marked about a third off and didn't move them. Now we are tired of looking at the balance. Would you pay

1/2 price

LADIES TEXTER TYPE COATS

It seems the salesman bought the Winters buyer a big box of candy for valentines one time and she bought plenty of this type coat from then on. They couldn't sell them and we were moving them pretty good so we agreed to take them off their hands. This is the last time we will ever try to help someone out. Now we have these coats that are values to \$45.00 to try to get rid of for

\$14.95

CHILDRENS COATS

We sometimes get carried away with buying girls coats. Now this season this has happened again. It looks like we ended up with more coats than most stores start out with. We can promise you we will do better next season if you will help us out on these girls coats for

1/2 price

GIRLS DRESSES

We have about 2 dozen girls dresses left from our fall line. They certainly aren't improving with age. Not a real bargain at any price we can guarantee you. Maybe if your not a particular customer you might help us out on these for

1/2 price

GIRLS PANTS

Have you ever bought the daughter a pair of pants just to cut off and make shorts for summer? Here is your chance. We have these girls Pants in sizes 3 thru 14 in nylons and denims. Someone said the legs might be a little small at the bottom. This shouldn't bother if you just cut off the bottoms — How about a pair for

\$1.00

LADIES PANTS

If you are one of the diet rite girls and can wear an 8 or 10, here is where the dieting has paid off for you finally. We are offering these denim pants in just these 2 sizes since this is all we have left to offer at such a low price of

\$1.00

LADIES DRESSES

About 8 of the "Culls" from all our past seasons dress line. Either they are too short or too long. Either they fit or don't fit. These don't meet any of the requirements evidently as they are still here. Don't know what the original price was but we are going to try to sell these for

\$3.00

if we can catch a blind lady.

LADIES BRAS

Discontinued numbers from our reg. lines. 26 padded. 40 unpadded. What has happened to all the former bra wearers? Realize it is style now to go without, but couldn't you help us out on these first? Reg. \$3 and \$4 numbers now

\$1.98

MENS SHIRTS

We have gone through all our sport shirts and sorted, them out. Some have been unpinned so many times that we are just tired of pinning them back. Some of these have the button down collar, some of them may not even have a collar or buttons either for that matter. If you buy one of these we would nearly promise you a rainmaker to bring us rain. Don't look too close at these for
